

Knowledge Scotland Networking Lunch

27th October 2009, 12noon – 2pm

Board Rm, Silvan House, Corstorphine Road, Edinburgh

- **Come and meet researchers from the Scottish Government's Main Research Providers**
- **Learn about the research they are doing**
- **Discuss the research needed to address the challenges we face**

At this informal networking event researchers from the **Macaulay Institute**, **Scottish Agricultural College**, **Scottish Crop Research Institute** and the **Moredun Research Institute** will be available to discuss their research on current policy issues. Since the event is hosted in the Forestry Commission, **Forest Research** has also been invited to attend.

What is Knowledge Scotland? "Knowledge Scotland" is a Scottish Government-funded knowledge exchange programme through which the Main Research Providers are seeking to enhance their engagement with policy audiences and people with an interest in policy.
